ORGANOCIDE 3-in-1 GARDEN SPRAY

READY TO USE - NO MIXING NEEDED

***Shake occasionally while using.
Natural products tend to settle if not agitated.***

***Read entire label before use.
Use only in accordance with label instructions.***

Target Pests: Organocide™ 3-in-1 Spray kills the eggs, larvae, and nymphs of insects and the adult stages of over 25 soft bodied insects including (but not limited to) aphids, citrus rust mites, leaf-rollers, mealy bugs, scale insects, spider mites, thrips, whiteflies, and hemlock wooly adelgid. Organocide™ 3-in-1 Spray controls certain fungal diseases such as (but not limited to) powdery mildew, downy mildew, black spot on roses, helminthosporium and greasy spot.

Directions: Spray leaves and stems of plants making sure tops and bottoms are covered. Spray until the solution runs off the tips of the leaves. For best results, shake occasionally to keep active ingredients suspended.

Plant Compatibility: When used as directed, Organocide™ 3-in-1 Spray has an unusually high degree of safety to most plants. However, some plants in the Euphorbia family (Crown of Thorns, Poinsettia) have shown some sensitivity. If in doubt, test first on a small area of foliage to determine plant safety.

ORGANOCIDE

3-in-1 GARDEN SPRAY

Listo para Usar – No es Necesario Mezclar

Antes de usar, lea la etiqueta completa. Use únicamente según las instrucciones en la etiqueta.

Agite Ocasionalmente Mientras lo Usa.

Los productos naturales tienden a depositarse si no se agitan.

Efectivo en: *Insectos, Ácaros, Escamas, Hongos, como se indica*

De efecto leve en: *los Insectos Beneficiosos*

NO es perjudicial para las Abejas ni las Mariposas.

Plagas Objetivo: Organocide™ 3-in-1 Spray mata los huevos, larvas y crisálidas de insectos, así como los insectos adultos, en todas sus etapas, de más de 25 insectos de cuerpo blando incluyendo (sin estar limitado a) áfidos, ácaros enroñadores de cítricos, enrolla-hojas, gorgojos, insectos en forma de escamas, ácaros rojos, tisanópteros, moscas blancas y pulgón de la tsuga. El Organocide™ 3-in-1 Spray controla ciertas enfermedades causadas por hongos como (sin estar limitado a) roya polvorienta, roya negra, machas negras en las rosas, helmintosporium y manchas de grasa.

Instrucciones: Rocíe las hojas y tallos de las plantas, asegurándose de cubrir bien la toda la parte superior e inferior. Rocíe hasta que la solución chorree por el extremo de las hojas. Para obtener mejores resultados, agite ocasionalmente mientras lo usa, a fin de que los ingredientes en suspensión se mantengan activos.

Compatibilidad con las Plantas: Cuando se usa según las instrucciones, el Organocide™ 3-in-1 Spray ofrece un alto grado de seguridad para la mayoría de las plantas que es poco común. Sin embargo, algunas plantas de la familia Euphorbiaceae (como corona de espinas o poinsettia) han demostrado tener cierta sensibilidad al mismo. Si tiene alguna duda, pruebe primero en una pequeña área del follaje para determinar la seguridad específica con la planta.
