

FOR USE IN AND AROUND: Homes, Hospitals, Restaurants, Grocery Stores, Schools, Cafeterias, Storage Areas and Food Processing Plants.

ATTRACTS AND KILLS ALL COMMON HOUSEHOLD ANTS INCLUDING: Argentine ants, Ghost ants, Cornfield ants, Pavement ants, Acrobat ants, White footed ants, Little black ants, Odorous house ants, Crazy ants, Big headed ants, and other sweet eating ants.

USING TERRO® Outdoor Liquid Ant Baits: Since invading ants usually have outdoor nesting sites, it often helps to put the product outside, close to where ants are found entering the structure. Ants typically follow defined trails from the nest to food or water. Placing TERRO® Outdoor Liquid Ant Baits close to these trails will improve control.

CONTROLLING AND ELIMINATING ANTS: First ants will come in large numbers, but soon disappear. This product is specifically formulated to allow worker ants to consume the product and survive long enough to carry the liquid back to the nest and deliver a dose to the rest of the colony. The key to obtaining effective control is to monitor the placements and ensure there is always a fresh supply of TERRO® Outdoor Liquid Ant Baits. Complete control may take up to two weeks.

For further information on successful ant control using the TERRO® brand of ant control products, visit our web site (www.Terro.com).

Patent Pending

TERRO® OUTDOOR Liquid Ant Baits

DIRECTIONS FOR USE

- 1 REMOVE STAKES** by pulling them straight out from underneath cup.
- 2 PUSH DOWN** on the top of the cup, then twist cup 1/4 turn. The foil seal under the cup will be punctured and the liquid bait will drip into the reservoir in the base. **KEEP BAITS LEVEL TO AVOID SPILLING.**
- 3 PLACE BAIT STATIONS** outdoors close to where ants are found entering your home, or where you see ant nests or their trails.
- 4 SECURE BAIT STATIONS** to the ground, if desired, by inserting the 2 stakes provided through the holes in the base.
- 5 ANTS WILL ENTER** the bait station through the holes at the top of the ramps.
- 6 MONITOR** regularly for activity, but do not interfere with the ants or baits. Replace baits every three months to keep ants from returning. Complete control may take up to two weeks.
- 7 CALL US** at 1-800-837-7644 if we can be of assistance.

TERRO® OUTDOOR Liquid Ant Baits

Pre-Filled, Ready-To-Use

Manufactured for:
Senoret Chemical Company, Inc.
566 Leffingwell Ave.
St. Louis, MO 63122
(800) 837-7644
www.terro.com

EPA Reg. No. 149-8
EPA Est. No. 149-MO-1

Pre-Filled, Ready-To-Use

TERRO® Outdoor Liquid Ant Baits now comes as an easy-to-use, pre-filled liquid ant bait for outdoor use. Ants will enter, feed and return to the nest where they will pass on this product to the rest of the colony.

DO NOT USE in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs. Place bait in areas inaccessible to children and pets.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry place. Do not store where children or animals may gain access.

DISPOSAL: *If Empty:* Do not reuse this container. Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
