

VOODOO JUICE

Get to the Root of the Matter

In so many gardens, the roots are forgotten, hidden away underground, neglected, uncared for workhorses. And yet, your plants' roots are responsible for intaking almost everything your plants need. Ask not what your roots can do for you, but what can you do for your roots. Because when you give respect to your roots, you see the results at harvest time.

Root mass of tomato plants, same seed, same age, same number, harvested after 42 days growth. Plants on right received Voodoo Juice.

Co-Founders' NO-RISK, 100% Money Back GUARANTEE

There are lots of root-boosting beneficial microbes formulas, but only Voodoo Juice is guaranteed to push mega-increases in root mass because it contains specially-bred, hand-processed, liquidified beneficial microbes. In fact, you're guaranteed to get only microbes chosen by Ph.D. plant scientists, carefully evaluated independently and as a group, safely put into a dormant state, and then you'll watch your roots swell up as these mighty microbes spring into life when you add them to your reservoir.

We offer you a moneyback guarantee with knowledge ahead of time that you'll probably never have to use it. All you have to do is supercharge your root size, function and productivity with Voodoo Juice. The bottom line is: Bigger Roots = Bigger Yields.
